Dear all,

This premises is a restaurant and takeaway. The current licence only permits sale of retail alcohol for consumption on the premises only. The variation application is for the sale of retail alcohol for consumption on and off the premises.

The Authority will treat your email as a representation and forward this to the applicant.

Regards  
Ash Waghela  
Licensing Support Officer.

Dear All,

With reference to the below – we are not happy with this and would voice our original objections again – the shop being open is not the problem as such, it's the sale of alcohol until these hours that concerns us. There is already a pub 3 doors down in both directions which provides supervised alcohol consumption, is the alcohol confined to the restaurant section (which on our observations is not used) or is it going to be takeaway?

Kind regards,

Angela & Jonathan Sanders

Dear All,

With reference to the above, and after consultation with the police, the applicant has instructed the authority that he will reduce the hours for all licensable activities and hours open to the public to:

Monday - Thursday - 11 - 00:00  
Friday - Saturday - 11:00 - 01:00

Sunday - 11:00 - 00:00

The effect this will have on the licence is that he is bringing the sale of retail alcohol hours in line with his opening hours that are currently on the licence.

I hope this information is useful to you. If you would still like to make a representation in respect of the application, the authority must receive this by 7 February 2012.

Regards  
Ash Waghela  
Licensing Support Officer.

Dear Councillors,

We do understand that in these hard times all businesses must try to diversify, but as a resident of Weald Lane we will have to object to the extension of this licence variation, especially the alcohol. Our road is used as a cut through for late night revellers coming off the night buses and from Harrow town centre. There have been a number of incidents where we have been woken from 12pm through till the early hours of the morning, and on occasion have had to either move people on or call the police due to disturbances. During the summer months this escalates as the daylight hours are longer so the crowds tend to gather at the top of the road. Having a license extended and to include alcohol (in a kebab shop!) till 2 a.m. would only fuel this issue.

We trust you will take these comments into consideration when making your final decision. Please keep us informed.

Kind regards,

Angela & Jonathan Sanders
