Subject: kemps Fish Bar

Dear Councillors

I am horrified to hear that Kemps Fish Bar is applying to extend their opening hours to 2am each day. Weald Lane is plagued by the litter and mess generated by the many take away outlets and bars situated at the end of the road. Each day I clear half eaten kebabs, empty wrappers and cans from my driveway and the front of my house. The High Street is a disgrace each Saturday and Sunday morning and I feel embarrassed that my local area is so messy.

There are three pubs, one at the end of Weald lane and two on the High Street, when they close, Kemps would be a venue for the customers to continue drinking until the early hours. The prospect of revellers leaving Kemps at 2.00 am worries me, this is a residential area with families living above the venue and opposite.

At the end of Weald Lane there is a small green and a bench where down and outs sit drinking alcohol, it is also a place where youths congregate; as you can see we have more than enough problems here without adding to them by introducing a late night cafe.

My family has lived here for over 25 years and seen many changes, unfortunately not for the better, please protect our Lane from further noise and pollution.

Yours sincerely

Mrs Bernie Hennah
